TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

[L. S.]

To the inhabitants of the town of Salem, in the county of Rockingham, in said state, qualified to vote in town affairs:

You are hereby notified to meet at the town house, in said town, on Tuesday, the eighth day of March next, at six-thirty (6.30) of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To choose all necessary town officers for the ensuing year.

ARTICLE 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.

ARTICLE 3. To see if the town will vote to raise any more money for the repairs of highways than the law requires.

ARTICLE 4. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.

ARTICLE 5. To see if the town will vote to authorize the town treasurer to hire, with the approval of the selectmen, such sums of money as may be needed for general purposes in anticipation of taxes.

ARTICLE 6. To see what action the town will take relative to lighting the streets, and raise money for the same.

ARTICLE 7. To see if the town will vote to raise a sum of money not to exceed fifteen hundred dollars (\$1,500) for the purpose of providing police officers for the ensuing year.

ARTICLE 8. To see if the town will vote to raise the sum of fifteen hundred dollars (\$1,500), or any part thereof, for the removal of snow from the highways.

ARTICLE 9. To see if the town will vote to accept the following ordinance adopted by the selectmen relative to Sunday sports under provisions of Chapter 155 of laws of 1931:

“The Selectmen shall have the right to license games of baseball, hockey, or football, or any games, sports or exhibitions of physical skill, not earlier than one o'clock in the afternoon on the Lord's Day, subject to such regulations as the Board of Selectmen may see fit to impose.”

ARTICLE 10. By request of the Library Trustees. To see if the town will vote to raise the sum of eight hundred dollars (\$800), or any part thereof, above the sum required by law, for the support of the Salem Free Public Library for the year 1932.

ARTICLE 11. By request of Ernest W. Young post. To see if the town will vote to raise the sum of two hundred and fifty dollars (\$250), or any part thereof, for the use of Ernest W. Young post, No. 63, American Legion, to be expended in the observance of Memorial Day in the year 1932.

ARTICLE 12. By request of Chester T. Woodbury. To see if the town will vote to raise the sum of one hundred dollars (\$100), or any part thereof, to maintain and improve the town common and the public square near Pine Grove Cemetery.

ARTICLE 13. By request of Charles H. Borchers. To see if the town will vote to adopt the following method to facilitate the collection of property taxes and to apply on any portion of taxes paid on or before the following dates: On or before June 5, a discount of $3\frac{1}{2}$ per cent; on or before July 5, a discount of 3 per cent; on or before August 5, $2\frac{1}{2}$ per cent; on or before September 5, 2 per cent; on or before October 5, 1 per cent; interest to be charged at the rate of 10 per cent after December 1.

ARTICLE 14. By request of Frank D. Davis. ACTIVITIES OF WATER DEPARTMENT FOR YEAR 1931.

Completed payments on pumping unit of \$700.00.

Painted stand pipe on Gordon Hill. One coat inside; two coats outside.

Painted all wood work at pumping station two coats. Reglazed storm windows and painted same. Replaced old doors with new ones.

Laid 6-inch main under old road and new cement road at railroad crossing on North Broadway, 80 feet.

Fuel tank at pump painted two coats.

Set two new hydrants and painted all hydrants two coats.

Put in 25 copper connections from mains to curb box stops.

Located the majority of curb box shut offs, and replaced all broken ones. We are installing a card system with the location of said boxes and also all shut offs and gates on the system for convenience of hurried calls.

We have had some test meters on and hope to be in a position to make an intelligent report as to the advisability of installing them by the end of next year. The only expense so far on meter is \$13.25 which was installed at the request of one of our citizens.

Respectfully submitted,

CHARLES C. MARTIN, *Manager.*

NOBLE H. HENDERSON, *Superintendent.*

FRANCIS E. HIGGINS, *Treasurer.*

February 13, 1932.

We, the undersigned, have examined the foregoing accounts and find them to be correct.

REPORT OF TRUSTEES OF PUBLIC LIBRARY.

The thirty-ninth report of the trustees of the Salem Public Library is herewith submitted.

The customary number of new fiction, non-fiction, and juvenile books has been acquired. The number of reference books has been augmented by the purchase of a set of Compton's Pictured Encyclopedia for use by children in both grade and high schools, as well as a set of Source History Books, a very comprehensive authority on early American history.

A settee and reading table for children have been installed and access to the basement has been greatly simplified by means of an inconspicuous trap door and stairs.

MARGUERITE NUTTING,
MARY A. FISK,

REPORT OF THE SALEM FIRE DEPARTMENT.

The Fire Department during the year answered 65 bell alarms and 9 still alarms. There have been eight fires during the year with losses of \$300 or over; two of these, one for \$300 and one for \$1,500, were in Salem Depot Village; the remaining six were in the rural section of the town.

The total fire loss for the year was \$14,400. I mentioned in my last report the need of an additional light piece of apparatus suitable for use in forest fires and to carry additional hose. While I would not urge this under the present financial conditions, I think it should not be lost sight of, and this addition to the equipment made as soon as conditions will warrant.

Owing to my factory being shut down for a considerable length of time during the year, the expense of maintaining steam for the fire alarm whistle was about \$350 more than I received for its maintenance. I will therefore be obliged to make a substantial increase in the charge for this service this year if conditions are the same. I would therefore recommend installing an air-pressure system to operate the whistle. We have at the present time the following equipment: 1 American LaFrance triple combination truck, 4 extension ladders, 3 roof ladders, 1,500 ft. 2½" hose, 10 hand chemicals, 2 fire blankets, 4 lanterns, 4 spotlights, 3 hydrant wrenches, 6 spanners, 2 pair rubber gloves, 1 first-aid kit, 4 plaster hooks, 2 bars, 3 axes, 10 shovels, 35 ft. garden hose, 4 nozzles, 1 set-quick hitch couplings, 1 hose jack, 4 pails, 4 canvas buckets, 60 ft. ½" rope, 2 brooms, 24 rolls signal tape, ½ carboy acid, 1 keg soda, 2 dozen chemical bottles, 8 chairs, 3 tables, 200 ft. chemical hose.

REPORT OF THE SCHOOL COMMITTEE.

We are pleased to present this report, as we have had a very successful year. We will give this report for each school to inform you as to their condition, what we accomplished this year and what will be needed in the near future.

First is Woodbury High School. We redecorated the east and west entrances, office and two class rooms with washable paint. A hedge was set out around the lawn, but it did not start well and part of it is to be reset this spring, by the nursery.

More parking space was made by filling in the rear of the school. Also, the State Highway Department put some of the material from the old railroad bed on the west side of the grounds and shows what an ideal place could be made, with the adjacent lot, for an athletic field.

The automatic control of the heating system was put in working order and it improved the air conditions in the class rooms a great deal. Class rooms are still short in the building and it will be only a matter of a short time before they will be a necessity.

Number 1 Schoolhouse was painted a new color which seems to be very suitable as well as attractive. The halls were also redecorated which completed the paint job of the previous year. The desks were all resurfaced making the interior in excellent condition. Electric lights were installed in the class rooms and halls. The old furnace burned out

just before Christmas making it necessary to install a new one during the holiday vacation.

Number 3 Schoolhouse did not have any special work done this year, but with the increase in the number of pupils some repair work on the entrances is needed. Also, there is need of painting and sometime if the attendance keeps up a "Jacketed Heater" would be a good investment.

Number 4 Schoolhouse had the "Jacketed Heater" installed this year and the shed roof resingled. The rest of the roof will need to be done before long. Electric lights were installed.

Number 5 Schoolhouse had the roof shingled with thick butt paper shingles. This building, also, will need painting before long. This school, with the exception of the toilets, is up to the New Hampshire standard.

Number 6 Schoolhouse is beginning to show the results of the repairs of the last few years, and with a new coat of paint which is needed this year it will be in fair condition. The desks were resurfaced this year which was a much needed improvement. We also had some grading done in the school yard, the old well cover being removed and graded over, making the appearance much better and doing away with a mud hole. There is still need of more of this as soon as finances allow it. The roof was finished shingling and is now in fine condition. The septic tank cover had to be replaced due to a truck breaking through, making it necessary to clean it at the same time. Electric lights were installed. Crowded conditions still exist here and with the two cadet teachers all available room is taken up.

Number 7 Schoolhouse is in fair repair, but is by no means up to standard. The roof will soon need attention. The desks are very poor and should be replaced as soon as times are normal.

Number 8 Schoolhouse has had the roof resingled and is now in fair repair. The toilets are poorly lighted and need alterations to make them what they should be. The ledge which is in front of this school should be done away with to

prevent children falling and getting hurt, besides making the grounds more presentable.

Number 9 Schoolhouse had the interior redecorated and is now one of our best schools. The water problem presented a serious situation due to the dry summer and a meeting was held at the school by the School Board, parents and interested citizens. They expressed their desire for the board to drill a well instead of waiting for possible town supply. The Board did this and the contract was awarded to the Barker Artesian Well Company of Providence, Rhode Island. An adequate water supply was obtained and a deep well pump was installed which took care of this situation.

The board feels as though we have made good progress in keeping up the repairs, and it will only take a little each year to keep them up. Also, we are proud to say, that with the emergencies which we have had to meet that we have kept well within our estimate. We, also, will do what we can in keeping our expenses down this coming year without hurting the efficiency of our schools, so as to help the tax problem in these subnormal conditions.

Respectfully submitted,

HOWARD E. TURNER,

HOWARD C. SMITH,

CLARENCE W. MERRILL,

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Board and Citizens of Salem:

I have the honor to submit my fifth annual report together with the reports of the Headmaster of the Woodbury High School, the Supervisor of Music and the School Nurse. These appended reports deserve your thoughtful consideration. Your attention is called to the table of statistics which follows this report:

The number of pupils enrolled in our schools last year was 669. This number is 27 more than during the year ending in June, 1930. The attendance averaged 95.88% of the

membership. The average for the state was 95.4%. 92 pupils were neither absent nor tardy during the year.

The following table shows the attendance in the Salem schools during recent years:

Number of pupils enrolled in 1924,	496
“ “ “ “ “ 1925,	521
“ “ “ “ “ 1926,	612
“ “ “ “ “ 1927,	602
“ “ “ “ “ 1928,	667
“ “ “ “ “ 1929,	683
“ “ “ “ “ 1930,	642
“ “ “ “ “ 1931,	669

There were forty-seven graduates from the eighth grade last June. Forty-three of these entered high school. This is a time when young people should continue in school. It is far better for them to be enrolled in schools than to be found merely forming habits of idleness. I urge all our graduates from the eighth grade to go to high school and to go through.

The teaching staff is the same as that of last year. I feel that we have been fortunate in retaining the services of these teachers. No school can be any better than its teacher. Fine buildings and good equipment are very important but no more so than the quality of the spirit of the school as set by the teacher.

There are 83 public high schools in our state. Figures furnished by the State Board of Education show that twelve of these have a lower per pupil cost than Woodbury High School. In the remaining 71 the per pupil cost is higher.

We have 240 school districts in our state. Eighteen had a lower per pupil cost in the elementary schools last year than Salem, while 221 had a higher per pupil cost. Teachers' salaries in Salem are below the average for the state. In the matter of teachers' salaries a comparison of salaries at Salem with the average salary of the state is helpful. Our elementary salaries are \$120 below the average salary for the state. The high school salaries are also below the average for the state and to an extent greater than the elementary.

Every school district in which a school tax of five dollars per one thousand dollars equalized valuation does not yield a sum equal to the approved budget, is entitled to State Aid for elementary schools. The State Aid is the amount that must be added to the yield of the five dollar tax to equal the amount of the approved budget. The approved budget for elementary schools is the amount fixed by the State Board of Education as the minimum amount necessary to maintain standard schools. Our budget is determined by the amounts that State Aid will allow on the various items. If maintenance costs are cut below this amount it will reduce State Aid rather than the cost to the local tax payer.

The Stanford Achievement Tests were given this Fall as in other years in all the elementary grades. The Cross English Test was given to each member of the high school. These tests make it possible for us to compare our work with that of the other schools of the country. Scores obtained show that good school progress has been made. It is our aim to direct our teaching to individual pupils, first by discovering needs and then by adaptation of work and drill. This year as in other years, our tests are designed to reveal these needs, and we have given attention to choosing the right kind and amount of drill.

Standardized tests were given to the seniors of the high school last spring in all the subjects of the year including silent reading and handwriting. The results from these tests showed that the progress made by our seniors compared well with results obtained in other schools. A fine rating was obtained in silent reading and handwriting.

While standardized tests and the less formal tests devised by the teachers are useful, we must keep constantly in mind the fact that there are many more phases of education that do not yield to such exact measurement, and also the fact that progressive attainment in those phases not readily measured is probably more important in the equipment of our young folks for their future lives than the things we are able to measure.

The scholarship medals in grade eight, donated by the Board of Trade, were awarded as follows:

Gold Medal—Anthony Gielazauskas

Silver Medal—Gertrude Roode

Bronze Medal—Gordon MacKenzie

One of our greatest living teachers, Angelo Patri, says: "The school cannot do it all. The parents, the grandparents, the community, the homes, the use of leisure, the play, the church, the library, and countless other agencies are at work quietly but surely in the tremendous movement called education. There are twenty-four hours in a day. The child spends at best six hours in school, five days in a week, forty weeks in a year. He spends eighteen hours outside of school, seven days in a week and fifty-two weeks in a year. No, the school cannot compete! The handicaps are too great. It must be together, child, teacher, parents, home, community, and church. All need the school, but even more does the school need all the other helpers. Educating boys and girls is the biggest job in this land of ours. It is too big a job for the schools alone. Confidence and faith are at the base of all coöperative endeavors. Children, teachers, and parents must coöperate."

In closing I wish to express appreciation of the courtesy and assistance given me by the School Board and the teaching force.

Respectfully submitted,

WILLIAM J. NELSON,
Superintendent of Schools.

WOODBURY HIGH SCHOOL.

To the Residents of the Town of Salem:

Another year has passed since the last report. The enrollment for the school year of 1931-1932 is two hundred forty-eight boys and girls. This is the largest enrollment in the history of the school. This number is not likely to decrease for some time. The lower classes are remaining large while the graduating class is small.

The faculty of this year remained the same as last year.

The records in the headmaster's office show the following enrollments by class.

Junior High School:	
Class VII,	35
Class VIII,	33
Senior High School:	
Class I,	55
Class II,	48
Class III,	31
Class IV,	24
Post-graduates,	2
<hr/>	
Total,	248
Total number of boys,	118
Total number of girls,	130

All departments are continuing as usual. The Commercial Department has the largest number of pupils enrolled.

The record of the graduating class of last year is as follows:

Entered college,	4
Entered normal school,	4
Nurses training,	1
Employed,	6
Unemployed,	4
Commercial school,	2
Post-graduates,	2

Five former graduates entered college, normal school or commercial school this year. Our enrollment is as follows:

University of New Hampshire,	7
Boston University,	1
North Carolina State,	2
Middlebury,	1
Ohio State University,	1
Bates College,	1

Keene Normal,	4
Plymouth Normal,	2
Cannon's Business School,	1
Wentworth Institution,	1

All phases of school life are active at Woodbury High School. Every effort is being made to avoid over-emphasis of outside activities. We are aiming to give every child an opportunity to participate in some activity during their four years at high school.

Concerning the outside activities of Woodbury High School.—The activities of a school outside the approved courses of study are known as extra curricula activities. Such activities at our high school include: assembly, dramatics, music, socials, clubs, athletics, and special trips.

The assembly period is conducted each Friday, lasting one period of forty minutes. The pupils, under the direction of their class advisers, prepare a program. This program is either musical, literary, or some similar subject of interest to the entire student body.

Our program of operettas and dramatics is well known. The recent production of "Riding Down the Sky" was witnessed by nearly four hundred friends. The dramatic contest offers opportunity for members of the three lower classes to try out for later dramatic presentations.

From time to time school socials are conducted by various classes. These parties are chaperoned by members of the faculty and parents, and are conducted for the entire school. The Girls Club (All Around Club) has contributed to the social need of our community.

Athletics.—Woodbury High School has a well balanced athletic program. Football and baseball for boys, while both boys and girls have basketball teams. The school should expect only average teams. Our problem is to secure games nearer home, with teams connected with schools our size. This year thirty-five boys are participating in football, twenty in basketball; twenty girls are taking part in the same sport. Boys or girls who are permitted to participate

in extra curricula activities have approximately two hours a day more personal direction than pupils who are deprived of this privilege. More girls and boys should participate.

The faculty appreciate every effort being made to maintain the success of the school and give our young people a sound secondary education.

SEWARD F. FRENCH,
Headmaster.

REPORT OF SUPERVISOR OF MUSIC.

To the Superintendent and School Board:

I hereby submit my annual report as Supervisor of Music in the Salem schools.

Music education in our schools during the past year has developed a genuine enthusiasm and love for good music through vocal, instrumental and appreciation courses.

The children learn to sing many attractive and worthwhile songs before any music reading is taught. During the latter part of the first year staff notation is introduced, from this grade through the eighth the pupils progress step by step easily and effectively.

Recognition of musical instruments is taught by sight and sound with the help of the victrola and picture charts. This work begins in grade one where the children learn the violin, trumpet and piano. Each year new instruments are introduced and at the end of the eighth year the entire symphony orchestra is completed.

Rhythm bands have been organized in Numbers 1, 6, 8 and 9 schools during the past year. The children delight in playing the instruments which gives them a splendid opportunity for rhythm response. In these bands are found triangles, tambourines, cymbals, drums, bells and rhythm sticks.

Music lovers and intelligent listeners are being created through our musical appreciation course. At the end of the year a music memory test is given. The selections are well known classics, written by the world's foremost composers.

The annual Woodbury High School Glee Club concert was given in May. There were selections by a mixed chorus, girls' chorus and boys' quartet. Mrs. Cornwell, soprano, and Mrs. Laycock, contralto, kindly assisted as soloists. The operetta "Riding Down the Sky," by Geoffrey Morgan and Geoffrey O'Hara, was presented by the juniors and seniors on January 29. The cast consisted of twelve characters; the other members of the classes acted as chorus. Commendable work was done by the boys and girls.

In closing I wish to express my thanks to you and the teachers for the hearty coöperation extended me throughout the year.

Respectfully submitted,

EVA W. THOMPSON,
Supervisor of Music.
